QUESTIONS, RESPONSES & CLARIFICATIONS

Question: Other than Lots A-D are there other locations where the units stay in place during the season?

TSA Response: For the most part, all units on the property can remain in place during the season. There may be times on select occasions where we'll request units be removed from one lot or portion of the property due to an event, but they can nearly always be relocated to another area of the property.

Question: Is there a storage yard for units that are pulled from Lots A-D on the premises – I am assuming there is since it states that all units must be locked once cleaning has taken place from previous event in the Specifications – Under Scope – Letter

TSA Response: There isn't a designated storage yard on the property, but the units which are pulled from Lots A-D after events can be placed with other units in the grass lots on the property.

Question: Approximately how many Stadium Events require service between event days for an event that is more than 1 day – I see Parking Lot Events (Car Sales and Circus) require consecutive and multiple days service.

TSA Response: Between 2-5 per year.

Question: On Specification page 25 – Under Scope – Letter F – are you meaning hand sanitizer?

TSA Response: Yes, hand sanitizer is what we meant.

Question: On Specification page 25 – Under Scope – Letter G – it does not mention in the quantity any hand wash stations, are the estimated quantity of units including hand wash stations? If so, please give approximate needs per Stadium Event.

TSA Response: We don't typically request that hand wash stations are provided for stadium events. However, some parking lot events will specifically request them. I'd estimate that approximately 10 events per year will want between 1-3 hand washing stations.

Question: On Specification page 25 – Under Scope – Letter H – please explain emergency cleanings as far as reason a call would be made please

TSA Response: This happens on very rare occasions at the request of a client.
